REPEAL FREE TOLLS WAS TOPIC

Congress Considers President's Recommendation on Canal Law Exemptions

MANY DEMOCRATS OPENLY OPPOSED TO SUCH PLAN

Act Would Repudiate Platform of Party—Railroad Ships Said as Real Issue

WASHINGTON, Feb. 6.—Congress today considered President Wilson's recommendation to repeal the coastwise vessels toll exemption provision of the Panama Canal law. The President's recommendation practically repudiates one of the planks of the Democratic platform since the Baltimore convention went on record as favoring the law.

Administration leaders seemed sure the House would act promptly, despite the fact that many Democrats are avowedly opposed to the President's plan. It is believed the President will soon deliver personally a message on the subject.

Railroad Ships at Issue
Almost overshadowing the free toll question, interest is being centered on the attitude of the administration with reference to that portion of the canal act which prohibits the use of the waterway to railroad-owned ships. At the time of the passage of the canal act, the ships owned by the Canadian railroads were included in the prohibition, as the Canadian railroads came under the purview of the Interstate Commerce act.

Great Britain has served notice that it does not construe the railroad provision to apply to ships flying foreign flags, and it is believed the United States will follow.

Representative Knowland, Senator Bristow, Senator O'Gorman, Senator Chamberlain and others have repeatedly charged that the real Panama Canal controversy is based on the prohibition against railroad-owned ships, and that if the free tolls provision is repealed the toll move will be to cancel the clause relating to the railroads.

NEW HAVEN ROAD LOOT DISCUSSED

Names of Wreckers Profiting Asked For—Borah Urges Stripes and Prison

WASHINGTON, Feb. 6.—The senate today debated the alleged looting of the New York, New Haven and Hartford railway. Senator Norris presented a resolution demanding the names of those profiting by the "wrecking of the corporation." He discussed Interstate Commissioner Prouty's statement that \$12,000,000 had disappeared into thin air. He read quotations from various papers saying the J. P. Morgan company got the money. Borah of Idaho declared: "If the five or six men who looted the road were wearing stripes behind prison bars, it would have a tremendous effect on the morals of the country."

JAPAN NAVAL SCANDALS MENACE GOVERNMENT

TOKIO, Feb. 6.—The minority party in the Japanese parliament has decided to impeach the administration on account of the discovery of alleged grafting in the navy. Their number is not sufficient to cause removals unless aided by the majority, but a terrific scandal is expected.

DANISH PRINCE A BOY SCOUT
COPENHAGEN, Feb. 6.—Crown Prince Frederick, who, with his younger brother, Prince Knud, joined the Danish Boy Scouts last year, today was appointed "English translator" for that organization. He won the job by fulfilling three tasks—writing a long and really clever essay in English on the boy scout movement, translating an article from a London newspaper, and in conversing in English for an hour.

SENATORS RECOVERING
WASHINGTON, Feb. 6.—Senator Stone of Missouri, who is on the sick list, is convalescing from the grip. Senator La Follette of Wisconsin has so far recovered from an attack of neuritis that he was at the capital yesterday.

Riches in Gold Bullion Cached on Kansas Farms

LARNED, Kans., Feb. 6.—Gold bullion worth \$30,000 was unearthed in Hodgeman county today according to reports here, and yesterday bullion worth \$6800 was found. It is believed that Colorado miners cached the gold during the Indian massacres in the early sixties. More than \$900,000 worth of bullion was reported to have been buried at that time. The ranchers are guarding their farm lands from an in-rush of gold hunters today.

LOS ANGELES, Feb. 6.—The sentencing of Lewis Bundy for the murder of Harold Ziesche is postponed until next Tuesday, on request of Bundy's attorney.

KELLY OF KELLY'S ARMY FAME SEEKS TO ORGANIZE ARMY

SAN FRANCISCO, Feb. 6.—Charles W. Kelly, a lieutenant in "Coxey's Army" and division commander in the later "Kelly's Army," began a series of open-air speeches here to organize another army for a transcontinental march to Washington to lay the grievances of the unemployed before the President. Kelly is addressing his talks to jobless men. He believes he will be able to recruit an army of 2,000 men here, and that it will increase to 20,000 as he crosses the country.

WILHELMINA ASKS U. S. TO CALL THIRD PEACE CONFERENCE

WASHINGTON, Feb. 6.—The United States, it became known at the White House yesterday, has issued a call for the holding of the third peace conference at The Hague next year. This government took this action, it was understood, at the request of Queen Wilhelmina of Holland.

DANIELS IS ARGUING DRY DOCKS FOR TWO COASTS

WASHINGTON, Feb. 6.—Secretary Daniels of the navy department told the house naval affairs committee today it was essential to the efficiency of the navy that there should be built immediately on the Atlantic and Pacific coasts drydocks capable of accommodating the modern battleships. It was estimated by experts of the navy department that each of the drydocks will cost about \$3,000,000. It will take two years to build them. The navy department has recommended that the Pacific drydock be located at Bremerton Station, Puget Sound, Washington.

NO TANGO AT WELLESLEY
WELLESLEY, Mass., Feb. 6.—It will be a tango-less senior "prom" which Wellesley girls will give tonight in the Mary Hemmenway gymnasium. Scene of countless Terpsichorean events of other years. As a result of the faculty ban on the wiggly tango, the girls are sad. Gloom about the classrooms today could be cut with a knife. The senior "prom" generally is attended by scores of Harvard students, and as Harvard men have gone in for the tango at all of their dances, the girls feared the annual "prom" this year would be dubbed a "frost."

POST-BORING BEE
ESCONDIDO, Feb. 6.—The dreaded Honolulu bumble-bee, which destroys wooden fence posts and telegraph poles in the Hawaiian Islands, has been found in Escondido. The bee was discovered by N. M. Hayward of Los Angeles, who is here on a visit. He states that the Honolulu bumble-bee cuts off the posts and poles by boring holes all through them.

NAVAL GRAFT IS AGITATING JAPAN

Overthrow of Ministry Seems to Be Imminent Since Air-ing of Scandals

PUBLIC OPINION FORCES OPPOSITION TO ACTION

Open Attack Made on Ministry; Public Meetings Arouse Strong Sentiment

SEATTLE, Feb. 6.—The following cablegram was received today by the North American Times, a Japanese publication:

TOKYO, Feb. 6.—The downfall of the present ministry seems imminent. It is feared there will be a repetition of the public disturbances which occurred last year on account of the feeling aroused over naval graft scandals.

Public expression of opinion has become so bitter that Inaki, leader of the opposition to the present ministry, no longer could keep silent. Yesterday he openly attacked the government, and a combined effort will be made by all parties opposing the ministry to secure its removal. At a meeting of the Constitution Protection League yesterday at Seiyoken various leaders spoke. Other public meetings were held, and such a general opinion was aroused that it seems certain the ministry must fall.

DANIELS FAVORS ROUND-WORLD AIR FLIGHT

Navy Secretary Says Contest Will Give Big Impetus to Aviation

NAVY FLYERS LIKELY TO ENTER THE AERIAL RACE

Dirigible Airship Ordered for Panama Fair at Cost of Quarter of Million

WASHINGTON, Feb. 6.—Secretary of the Navy Daniels has voiced enthusiastic approval of the proposed aeroplane race around the world as an attraction for the Panama-Pacific Exposition at San Francisco next year. "The prize offered," he said, "is sufficient to tempt the best flyers. I believe that such a contest will give aviation the greatest impetus it has yet received."

"Present records for altitude and sustained flight undoubtedly will be broken. Navy flyers will be permitted to enter the race if the naval board is willing. However, I shall consult with the board before taking any definite action in the matter."

Dirigible Airship at Fair
SAN FRANCISCO, Feb. 6.—The concessions department of the Panama-Pacific Exposition has concluded with the Parsival Company of Hamburg a contract whereby the company will produce at the fair a dirigible airship costing a quarter of a million dollars and not less than 480 feet in length. The ship will make fifty-mile trips out of the exposition grounds, carrying passengers at \$25 each.

TREATY WITH DENMARK SIGNED BY SEC. BRYAN

WASHINGTON, Feb. 6.—Secretary Bryan signed a peace treaty with Denmark, providing for the submission of any question in dispute to a commission which is allowed one year for examination and report. So far, eight such conventions have been signed, but none has yet been submitted to the Senate.

COMSTOCK ORDERED OUT
NEW YORK, Feb. 6.—Anthony Comstock was ordered from the federal district attorney's office yesterday by United States Assistant Attorney Edwin M. Stanton, after he had made a spirited attack upon the latter. Comstock wanted a woman arrested who he thought was guilty of sending a threatening letter through the mails.

IS GOLD WAVE IN THE MIDDLE WEST

Railroad Traffic Hampered by One of Worst Blizzards of the Winter Season

LAKE MICHIGAN CLAIMS TOLL—BOAT ICE-JAMMED

Coldest Weather of Winter in Rockies and Northwest—Heavy Livestock Loss

WASHINGTON, Feb. 6.—Warnings that a cold wave will strike the entire eastern coast have been issued by the weather bureau and half of the country east of the Rockies is already affected. Indications are that the coldest weather of the winter will prevail. Dispatches from Fort Worth state that the mercury has dropped from 65 to zero at several Texas points within two hours. Montana and Wyoming are storm-swept. The coldest point in the country is Ft. Lupton, Colo., where it is reported to be forty degrees below zero.

TRAFFIC HAMPERED BY BLIZZARDS AND SNOW
CHICAGO, Feb. 6.—Railroad traffic throughout the Middle West is being hampered today by one of the worst blizzards of the season. The snowfall here is delaying street car traffic. A fierce northwest gale is blowing.

Women Nearly Frozen On Lake
A tug today rescued two partially frozen women. Mrs. May Smith and May Wade, from a water crib two miles off shore after exposure all night. They had visited the crib during the day with the crib tender, William Connell, Jr., and Stephen Varley, a commission merchant. The men later rowed ashore, and attempted to return through the ice with "Lefty" Wilson. The boat was jammed on the ice and was lost. All are believed to have drowned.

ROCKY MOUNTAIN REGION AFFECTED—DENVER, 16 BELOW
DENVER, Colo., Feb. 6.—The thermometer has gone to 16 below zero, the coldest of the winter. The entire Rocky Mountain region is affected.

COLD IN IOWA, MONTANA, NEBRASKA AND DAKOTA
OMAHA, Neb., Feb. 6.—Nebraska, Iowa and the Dakotas are swept by a cold wave. At Alliance, Neb., it is 18 degrees below zero. At Wyoming points it is 22 below, and many heavy livestock losses are reported.

Northwest Is Freezing
SPOKANE, Feb. 6.—All transcontinental trains are late on account of snow. The Northwest is having the coldest weather of the winter. Temperatures of 30 to 40 degrees below zero are reported in Montana. Blizzard Sweeps Minnesota
ST. PAUL, Feb. 6.—A terrific blizzard is sweeping central and northern Minnesota which promises to be the most serious storm of the winter.

LAGUNA BEACH ROAD IS NEXT ON THE LIST

Highway Commissioners Will Rush Good Roads Work from Now On

The Laguna Beach road, from Irvine to the beach, a distance of ten miles, is the next road that the County Highway Commission will have ready for contract. Bids will be advertised within two weeks. Soon after that bids will be called for building the Westminster-Seal Beach road. It is the intention to have the beach roads completed as nearly as possible before the heavy summer traffic begins.

Yesterday the Highway Commission inspected several good roads jobs, the Talbert bridge and the county gravel pit.

Good roads work will be rushed from now on. The gravel pit is repaired and running full blast. Crushed rock is available, and roads will be finished rapidly.

MOTION PICTURE FILMS ARE BARRED FROM PARCEL POST
PORTLAND, Ore., Feb. 6.—Motion picture films, because of their inflammable nature, are barred from shipment by parcel post, according to orders received from the postal department by Postmaster Frank Meyers.

WANT COUNTY TO TAKE \$200,000 STATE BONDS TO COMPLETE HIGHWAY

Amount Subscribed for by Banks Will Build No Farther South than Irvine Station

The Board of Supervisors has been asked to consider the purchase of \$200,000 state highway bonds in order to complete the state highway through Orange county. Months ago the enterprising banks of this county bought \$200,000 bonds from the state, and at that time it was generally understood that the purchase was a guarantee that the state would build the road from the Los Angeles county line to the San Diego county line. Whatever the understanding was, at present it appears that the state does not expect to build any further than Irvine at present, unless there is more money forthcoming from this county either through the banks or the county treasury.

There is 45.8 miles of state road in the county. The contract price for the portion between Santa Ana and the La Habra line is \$66,945. The state is furnishing the cement for this contract and did the survey work, so that altogether the cost will come to \$9,000 or \$9,500 a mile for that piece of road. On that estimate, the \$200,000 supplied by the banks in the purchase of state bonds will only pay for building from the La Habra line to Irvine.

The matter has come before the Board of Supervisors through a letter received by Richard Egan of San Juan Capistrano, a member of the County Highway Commission. That letter follows:

January 23, 1914.
Mr. Richard Egan,
San Juan Capistrano, Cal.
My Dear Mr. Egan:
San Diego county, through private subscription, has taken over \$250,000 worth of state highway bonds. At the last meeting of the Board of Supervisors of that county, they agreed to take over \$400,000 more of these bonds, so as to complete all the state highways in that county. They have made an immediate purchase of \$115,000 worth of bonds, to be applied on that section of the road in San Diego county, eleven miles in length, which joins the southern boundary of your county on the coast. This latter appropriation takes care of all the coast.

WHO IS RESPONSIBLE FOR THAT OBNOXIOUS AUTO TAX?

It is the settled policy of reaction-ary papers to charge that Governor Johnson is responsible for every law passed since he became governor which is unpopular with any number of people. The latest thing to be blamed on the Governor is the automobile tax. Here are the facts regarding that law:

It was passed at the request of the organized automobile men of the state who advanced the argument that the money raised by the tax would provide an adequate fund for the maintenance of state and county highways, improved by bond issues, that could not well be raised in any other way. They argued that as half the money raised was to go to the state and half to the counties, the care and protection of both state and county systems of roads would be provided for. They further urged that the automobile drivers use the highways more than any one else and that they would be glad to help the cause of good roads by paying this tax.

It was on this request from the automobile people that the legislature passed the law, by a vote that was practically unanimous, and that the governor signed it. On that representation of facts, what else could the legislature and the governor have done?

Objections have since arisen to the form of the law, but it was passed as suggested by the auto owners and if there is some feature of injustice in the matter of horsepower computation, that is a detail that can easily be amended in the future. The tax is also said to involve double taxation, but the point was favorably passed on by legal authorities in the legislature and is bound to be put up to the courts in any case.

If the law is held to be constitutional it certainly provides in an easy and just manner for the maintenance of improved highways such as Orange county is now building. The governor is a good roads enthusiast and he certainly had the best of reasons for believing that in approving the law he was promoting the good roads movement and doing something that the automobile people were standing back of.

One of the most absurd criticisms made in connection with this law is the claim that it is costing an enormous sum to collect the license fees. Some have even gone so far as to state that it will take half the money received from the fees for the expense of collection. There is nothing to that yarn. As a matter of fact the money is being collected through the state treasurer's office with only a small increase of clerical force, and the cost is going to be surprisingly small. The net result of the plan will be that nearly all the money which the auto owners put up will go to the state highway commission and the various counties to provide for the upkeep of roads. The practical working of the system is likely to prove so popular that there will be general regret among the mass of the people if the courts should rule against the law.

Yesterday's Los Angeles Tribune reviews the history of this law, and publishes facsimile letters and resolutions showing the attitude of the Southern California Automobile Club at the time the law was pending and after its passage.

The motor vehicle law provides for a registration fee on automobiles for the maintenance of the good roads of this state and for a system of annual registration. One-half of the fee so raised is to be refunded to the various counties in which it is collected for the support of the county good roads systems. The Automobile Club of Southern California has attacked the validity of the act and many automobile owners have been paying the fee exacted under protest.

The records tend to show that the present attitude of the officers of the Automobile club toward this law contains an element of inconsistency. Not only do the statements of those members of the legislature who by reason of their committee connections had much to do with the bill bear this out, but resolutions adopted and forwarded to those members by the directors of the club soon after the passage of the law confirm it beyond the possibility of a doubt. In transmitting these resolutions, Secretary Standish L. Mitchell states that "the directors feel that the Automobile Club of Southern California is deeply indebted to you for your untiring efforts in behalf of the motorists of Southern California, at the present session of the legislature."

This communication is under date of May 27, 1913, and appended are the resolutions adopted by the directors of the club. These resolutions point out that the bill passed by the legislature "is identical with the measure prepared by and introduced for the Automobile Club of Southern California, being only changed by amendment to provide for a different system for annual registration and for a different method of collecting said registration fee."

Accordingly it is resolved "that an expression of gratitude be transmitted to those members of the assembly and senate who assisted by their influence and their votes in enacting into law this said automobile bill."

TEST BATTLE AT HAND IN MEXICO

Rebels and Huertistas to Soon Meet in Struggle that Will Decide War

HUERTA TO TAKE FIELD AT HEAD OF FEDERALS

Rebels Converging on Torreon; Negotiate Big Loan to Carry on Conflict

WASHINGTON, Feb. 6.—The Mexican embassy and rebel junta announced simultaneously today that a decisive struggle of the rebels and Huertistas is at hand. The embassy said that Huerta will probably take the field within ten days. The rebels expect him to assume the aggressive immediately. They declare that with Huerta personally at the head of the federal troops there is no question but he will stamp out the rebellion quickly.

The capture of Mazatlan, reports of which the rebel junta accepts as true, will be followed speedily by the fall of Torreon and Tampico, and inside of thirty days by the capture of Mexico City, the rebel leaders assert. Reports are current here that the rebels have negotiated a loan of twenty-five million dollars and that the money will be spent in siege guns and possibly a few gunboats.

REBELS TO ATTACK TORREON BOTH FROM NORTH AND SOUTH
CHIHUAHUA CITY, Feb. 6.—The rebels are maneuvering for position at Torreon today. One force has occupied Mermillo, forty miles north. Thirteen hundred others under General Pereda have started by rail to Rosario whence they will march overland to Pedraza, striking Torreon from the south. There was constant skirmishing today in the city's vicinity. Gen. Villa is here today in personal charge of the situation. He has ordered 500 pounds of shrapnel from El Paso dealers, but is uncertain whether or not to delay the attack until the ammunition arrives.

LIND SAYS U. S. WILL LET FEELS AND REBS FIGHT IT OUT
VERA CRUZ, Feb. 6.—Lind is quoted today to the effect that President Wilson lifted the embargo on arms to permit the rebels and federals to fight it out to determine which is the stronger. Lind did not make the statement for publication, but to a friend during a conversation. The federal gunboat Zarcos is waiting today with steam up for orders to start to New Orleans to buy arms and ammunition.

AMERICANS FLEEING MEXICO CITY—BELIEVE END IS NEAR
MEXICO CITY, Feb. 6.—Afternoon dispatches indicate that fighting is continuing in the vicinity of Tampico. Federal officials here maintain that the rebels are thus far repulsed and that they have been unable to get a foothold in the vicinity of the causeway which they must take before they can possibly enter the town. The exodus to Vera Cruz continued today, scores of Americans and other foreigners who returned after Huerta's accession are again leaving. The general impression here is that the beginning of the end has come.

TRAIN PASSENGERS ARE CAPTURED BY BANDITS
EL PASO, Feb. 6.—That a Mexican and Northwestern passenger train ran into the ruins of Cumbre tunnel, destroyed by bandits and Maximo Castillos bandits, who were lying in wait and captured many prisoners including seven Americans, is reported here today. The fate of the prisoners is unknown. It is expected they will be held for ransom.

FEARING INSANITY HE TOOK HIS LIFE

On returning from Los Angeles to her home yesterday, Mrs. Monroe Mitchell of Anaheim found her husband dead upon the floor of the bathroom. He had used chloroform to suffocate himself and a fire of charcoal and sulphur. A letter stated that he feared he was losing his mind, and that it was only a matter of time until he would kill himself, even should he resist the impulse then upon him.

FLIES WITH AVIATRIX
DAYTONA, Fla., Feb. 8.—Mrs. Robert Golet made a trip yesterday with Miss Ruth Law, the aviatrix, in the latter's aeroplane at Sea Breeze. Mrs. Golet and Miss Law attained an altitude of 2000 feet, and remained aloft about 20 minutes, flying fifteen miles over the beach.

MISSION NIGHT MEETING HELD

Two Interesting Speakers Give Addresses on Situation in China

(By Staff Correspondent.)
ORANGE, Feb. 6.—The Mission Night meeting at the First Presbyterian church last evening was one of the best of Christian Endeavor week. It was featured by the presence of two interesting speakers, Dr. Chung and H. E. House, both of whom are recently from China.
Dr. Chung is dean of the Canton Christian College and was a member of the cabinet of the president of China, until the advent of the present ruler, Yuan Shi Kai, when Dr. Chung was compelled to fly for his life. H. E. House is field secretary for the Canton College, and is thoroughly familiar with conditions in that country. Both speakers were intensely interesting and their talks were much enjoyed.

The second girls' team of the Glassell street school beat the Center street girls' second team yesterday at the Glassell school. The score was 21 to 16.

Thieves entered the wood-sheds of the George King and H. Harlan residences on South Center street yesterday, making away with a quantity of old clothing and other miscellaneous articles.

W. H. Savage, agency manager of the International Life Insurance company, whose home is in Los Angeles, was a business visitor in Orange yesterday.

W. W. Perry and daughter Gertrude, of East Collins avenue, have gone to Weeping Water, Nebraska, to spend several weeks with relatives and friends.

John W. Morrison left this morning for Ventura county on a stock-buying trip.

Miss Virginia Pomeroy returned to her home in Long Beach this morning, after spending several days at the C. W. Meadows home on South Center street. Mrs. Meadows accompanied her home for a visit.

Mrs. T. H. Shields of Autumwa, Iowa, arrived yesterday for an extended visit with her son, B. R. Douglass and family.

Florence Hutchinson returned yesterday from Riverside, where she spent the last three weeks.

Chas. Dufford will leave tomorrow for Arch Beach to spend some time. Mrs. Dufford will follow in a day or two.

A big crowd attended a public dinner given at the First Presbyterian church yesterday afternoon.

TUSTIN PERSONALS

Mrs. Charles Eells went to Los Angeles Monday to attend the meeting of the Presbyterian at Immanuel Presbyterian church.

William Adams' beautiful new bungalow home on the corner of First and Pacific streets is finished, and Mr. and Mrs. Adams are preparing to move in next week.

Mr. and Mrs. J. A. Phinney will spend the week-end at Azusa.

Mrs. J. W. McCullough spent several days in Los Angeles this week visiting her daughter, Mrs. Campbell.

Mrs. Grace Frees and son, Ben Frees, and Mrs. Ella Parker of Los Angeles, have been guests of Mrs. Sherman Stevens this week.

Mrs. Mary Gear and her daughter, Mrs. Lella Cronkright, and Mrs. Schlusser of Los Angeles came out last Thursday for a visit to Mrs. Shatto, Mrs. Watson and Mrs. Davis. These friends were all formerly neighbors in Illinois.

Mr. and Mrs. George Hockman from Fremont, Oregon, have been guests of Mr. and Mrs. C. A. Nordstrom this week.

Mrs. W. L. Shatto and her eastern guests, Mrs. Watson and Mrs. Davis, were entertained at dinner by Mrs. Sarah Brown on Wednesday.

Mr. and Mrs. John Holt entertained Mr. and Mrs. Will Ross, formerly residents of Tustin, now living at Hemet. They are making visits in Tustin.

Mrs. Jasper Leck was entertained at dinner Wednesday by her daughter, Mrs. Elmer Crawford, in Santa Ana.

Mrs. Mary Poh is visiting in Santa Ana for a few days.

Mrs. Ray Martin of Long Beach is visiting her mother, Mrs. Nick Gulick.

Mr. and Mrs. James Spotswood are visiting their daughter, Mrs. W. L. Grant, in Los Angeles.

Charles Tisdale of St. Thomas, North Dakota, has been visiting Mr. and Mrs. Earl Shoemaker for several days this week.

Charles Freeman, who has been ill with typhoid fever at the Crocker hospital in Los Angeles for several days, is better.

J. C. Isbell has taken the position as bookkeeper with the Tustin Lumber company. Mr. Isbell, his wife and sister-in-law, Miss Gertrude Burkett, are in Tustin.

The next item of business was the question, "Shall We Continue the Mission Study Class?" After earnest discussion as to the wisest decision to make, it was finally decided that inasmuch as the book, "China's New Day," is finished, and those outside of the class who had been expected to become interested in the study have not been able to attend, it was deemed wisest to discontinue the study.

The class then decided to return to their former custom of holding business meetings at the homes of the different members, each one to take her turn, alphabetically. Miss Bentley was the first on the list, and will have the meeting held with her at the Manse on the first Wednesday in March.

The first meeting of the series of meetings to celebrate Christian Endeavor week in Tustin was held Sunday night at the Presbyterian church.

The attendance was good and the young people were deeply interested in the subject for study. The leader, Miss Mabel Logan, succeeded in getting every one to take part, making the program a varied one.

The selection of songs which were sung by the Christian Endeavor choir was excellent and their fresh, young voices were good to listen to. The song service was ended with a violin piece by Miss Dorothy Utt, accompanied by Miss Gertrude Utt on the piano.

Rev. E. W. Blew gave a short talk on the beginning of Christian Endeavor thirty-three years ago. He also asked for testimonies from those who felt that the Christian Endeavor had helped them in their lives. The responses were very earnest. When asked how many had been helped by Christian Endeavor hands went up all over the church.

SOCIETY AND CLUBS

Class Party

Two classes of the Advent Christian church Sunday school were entertained last Wednesday night by Mrs. Vera Squires Shoemaker. There were thirty-eight present who belong to the young men's class and the young ladies' class. Mrs. Shoemaker has arranged some very enjoyable games and the young people had a good time generally. Of course the toothsome refreshments of punch and cake and other good things were enjoyed immensely.

Upon the occasion of her birthday last Sunday, the relatives of Mrs. John Dryer who are visiting friends around Tustin, gathered at her home and a pleasant day was spent together. They were Mrs. Mary Brown of Los Angeles, Mrs. D. P. Walters, Mrs. Carrie Sibley Stearns and Geo. Sibley of Altadena. Mrs. Brown and Mr. Sibley spent several days this week with Mr. and Mrs. Dryer.

Mrs. Marshall, the president, called the meeting to order, and the song, "Somebody Did a Golden Deed," was sung enthusiastically by the class. The scripture lesson was the Ninety-first Psalm, read by Miss Stone, and was followed by prayer by Mrs. L. A. Cock.

The minutes of last meeting and treasurer's report were read and approved. The Home department of the Sunday school now being under the supervision of the Berean class, plans have been discussed from time to time for a social to be given to the Home department by the class in order that the members of each may become better acquainted and their interests more in sympathy. This social has been discussed and postponed several times. At this meeting it was decided that something must be done. In order to have the school teachers who are members of the Home department present, the twenty-third of February was finally settled upon as a good date for the social. Washington's birthday coming on Sunday, the twenty-second, Monday, the twenty-third would naturally be a holiday. The social will be held Monday, the twenty-third, in the afternoon at two o'clock, at the Presbyterian church.

Mrs. Charles Eells and Mrs. G. W. Pollard were appointed a committee on program.

Mrs. L. A. Cock and Miss Florence Stone were appointed a committee on refreshments, the class a committee of the whole to go by twos, make personal calls and invite the members of the Home department to be guests at the social.

The regular meeting of the society will be held next Tuesday afternoon at the parsonage.

A delightful little children's party was given by Velma Dillon to her little friends last Wednesday afternoon to celebrate her seventh birthday.

Fifteen little girls and one little boy played many funny games on the lawn and at 5 o'clock lots of goodies like cake and candy, pop corn, etc., were immensely enjoyed. They were Helen Stearns, Thelma and Louise Artz, Margaret Smith, Margaret and Philip Blew, Elsie Watkins, Marjorie Cranston, Margaret Cotant, Norma Nordstrom, Ida and Bertha Wiley, Beulah Phinney and Elizabeth Utt.

Philathea Class
Mrs. S. E. Tingley's Sunday school class of young ladies of the Presbyterian Sunday school had a full business meeting at the home of Miss Avis Smith Thursday afternoon and finished the work of organizing a Philathea class, as they have been preparing for some time to do.

This class has become a member of the worldwide Philathea Union, and has already received a handsomely engraved charter.

After the business was transacted a social time followed. Delicious refreshments were served by the hostesses.

Those present were Mrs. Tingley, the class teacher, and Misses Ruby Schwartz, Gertrude Lambert, Ruth Rawlings, Grace Hatfield, Emma Thorman, Ella Ave, Anna Carson, Verda White, Margaret Tingley and the hostess, Avis Smith.

The following officers were elected: Miss Ruth Rawlings, president; Miss Avis Smith, vice president; Miss Grace Hatfield, secretary; Miss Gertrude Lambert, treasurer; Miss Ella Ave, reporter; Mrs. S. E. Tingley, teacher.

Business meetings will be held monthly at the homes of the different members.

A Trip Around the World
Mr. and Mrs. Neil G. McTaggart of Tustin will leave San Francisco on the sixteenth of this month for a tour around the world. The first stop will be at Honolulu, Hawaii Island, and thence to Japan, where two weeks will be spent, from Japan to China, India, Burma, Ceylon, Egypt with a visit to the Pyramids, and to Naples, Italy.

From there they will proceed by rail through Europe, stopping at their pleasure in Switzerland, Germany, France, England, Ireland and Scotland.

land and across the Atlantic to New York. On the return trip short stops will be made at New York, Washington, D. C., St. Louis, New Orleans, Galveston and Coahuila, Arizona, where they will visit their son, Ray, for a few days.

The trip will consume over four months, and is a celebration of their twenty-fifth wedding anniversary, which falls on March 6.

Many friends of Mr. and Mrs. McTaggart will wish them bon voyage and a safe return.

Tustin Literature Section
Mrs. J. H. Martin was the hostess to the Literature Section at her home last Tuesday afternoon. Miss White read to the ladies "Byways of Library Work," by Sarah Comstock, and "The Continuous House," by Milo Hastings. The class studied together articles from "The World's Work."

This meeting was especially enjoyable owing to the music by Mr. and Mrs. Jas. Willis Rice on the violin and piano, some of it Mr. Rice's own composition.

There were about ten members present. Dainty refreshments were served.

Tustin Twelve
The Tustin Twelve will hold their meeting Tuesday afternoon next week with Mrs. E. J. Cranston.

Installation Tonight
The Pythian Sisters will hold their meeting for the installation of new officers tonight at K. P. hall.

Coreopsis Club
The Coreopsis Club had quite a full meeting Wednesday afternoon with Mrs. E. L. Mount. These social meetings every two weeks are very pleasant ones over the fancy work and serve to keep together a circle of friends and neighbors. Besides the hostess there were present Mesdames Jack King, J. W. Stearns, Hart, Mann, Lambert, Ed Smith, Roy Rannels, Fenlon Matthews, Frank Stearns, C. O. Artz, John Kiser and Chas. Schwartz and Misses Ethel Alderman, Eva Stearns and Ruby Schwartz. Mrs. Peacock was a guest of the club. Delicious refreshments were served.

The next meeting will be held in two weeks from Wednesday with Mrs. Fenlon Matthews.

Y. M. C. A.
A nucleus fund has been placed in the Tustin Bank for a building for our boys of Tustin. Those favoring the project to raise a fund to advance the cause of Christian character of our boys in this way, will kindly leave a sum or pledge of money at the bank, the same to be returned to each donor if the building is not raised within a year from date.

Attended Banquet
Messrs. N. S. Long, Chas. Halderman and C. L. Hallett attended the men's banquet at the First Methodist church in Santa Ana Tuesday evening given by the ladies of the church. They immensely enjoyed the sumptuous chicken dinner, the music

WATER SUPPLY AT EL MODENA AMONG BEST

Splendid Well is Part of System that Gives Ranchers a Necessity

EL MODENA, Feb. 6.—With 13.19 inches of rain for the season the ranchers are looking for a bumper crop of everything.

The John T. Carpenter Water Company is putting down another well beside the fine one which supplied about 70 inches of water during the past dry season, and that without any appreciable lowering of the water level. This indicates that there is an inexhaustible supply to draw from whenever needed.

The intention is to get everything ready for installing a pump, but not to do more than that at present, as the abundant rains and spreading of the storm waters along the Santiago for many miles above the point of diversion will insure such an abundant supply of water that the present well will probably remain idle during the whole of the irrigating season.

The Directors of the J.T.C. Co. are to be commended in the course they are taking in the matter.

L. W. Evans is also putting down a well on his ranch, which is near the wells of the water company.

The people of El Modena are much interested in the article appearing in the Register recently regarding the Santa Fe's prospect of building a "foot hill" line through here. In carrying out such a project it would show wisdom, as it did in building its line through Orange years ago. Such action would probably hasten the making of the S. P. Tustin branch an electric road. El Modena is on the map, and its location, beauty, climate and resources are demanding the thoughtful consideration of the tourist, the homeseeker and the business man.

The Hewes ranch is working a large force of men in handling its fine crop of navels. The rains prevented this work for some weeks, but everything will be rushed until the crop is moved.

H. M. Gray, who recently purchased the Benson property on Chapman street, is very busy making changes, taking out pepper trees, etc. In fact he will soon have it all in fine shape and appearance.

Mr. Eells, who has been ill at the home of his daughter, Mrs. Wright, in Orange, was at his home again Wednesday.

Job Nichols has re-purchased the bicycle repair shop at Olive. He has a thorough knowledge of the business and as everybody likes Job, success will be with him.

E. S. House has purchased the building occupied by Mr. Reich on his ranch a mile and a quarter northeast of El Modena, where he has just completed a fine new up-to-date bungalow. Mr. House will move the structure to a lot on Vine street in El Modena, where it will be fitted up for a home.

Mr. Woods is putting up a six-room bungalow on his ranch on North Alameda street.

Concrete mixers are all right, and the one between El Modena and Orange occupies a very prominent place—the east end of the bridge across the Santiago. It is not quite clear to many why it should stand there and compel all vehicles to go around through "Muddy Lovers' Lane," or along Fairhaven avenue a half mile farther south. It is to be hoped that as soon as the mud settles the road to Orange will be completed, or the mixer hauled to one side of the road. Harrah for good roads!

SICK, SOUR STOMACH, INDIGESTION OR GAS

"Pape's Diapepsin" Makes Upset Stomachs Feel Fine in Five Minutes

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress. Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

ATHLETIC CLUB GIVES INTERESTING PROGRAM

The Santa Ana Athletic Club last night gave an interesting program of boxing and wrestling to a crowd of about 200. It was one of the monthly events given by the club.

In the wrestling Spud Morrison of Santa Ana got two downs on Sam Webber of Los Angeles. Bunch got two downs on Rider of Huntington Beach, showing some very clever work. One of Bunch's downs was with a scissors hold that was as well executed as one could wish.

The boxing matches were for four rounds each. Osterman and Gale, both of Santa Ana, appeared in one match, and Dick Garland met Sherman of Los Angeles. The other participants were from Los Angeles.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Thickness

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes out dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Advertisement.

"SOME REGARD FOR THE PROPRIETIES"

Without any desire whatever to thresh over old straw or to arouse sleeping dogs, or to stir up the animals, the Register is impelled to reprint an editorial, under the above heading, from that stalwart Republican journal, the San Bernardino Sun.

When E. E. Keech, Steele Finley and other Progressives objected to the procedure by which the late Republican County Central Committee became the "Progressive County Central Committee," and Fred West and others objected to the objections of Messrs. Keech et al., there were many mutterings on both sides of the fence about "venting spite," and "getting even" and "soreness," etc.

The Register believes there was nothing of the kind on either side.

Those who supported the plan which was adopted had high precedent in the action of the state committee and the actions of other county committees. But while no foundation for the stand taken by the recalcitrants had thus been laid, evidence that there was good ground for it has since developed.

At least two counties, Fresno and Imperial, followed exactly the course urged in this county by Mr. Keech. Commenting on the actions in Fresno and Imperial, the San Bernardino Sun says:

Progressives of Fresno county seem to be of somewhat different clay from their fellows in this and other counties. At least, they are of somewhat finer sensibilities. The Republican county central committee of Fresno was in the hands of the Progressives, and they might have done as was done here and elsewhere—attempted to put out of existence the legal representative of party organization. They might have adjourned sine die—but they didn't. Instead, they met, and the progressive members of the committee filed their written resignations from the committee, which any committee has the legal and moral right to do at any time. But they do not have the legal and moral right to kill the organization they were selected to foster.

Not only so, but the Fresno committee recognize that the funds of the committee, gathered in the name of the Republican party, belong to that party, and when a legal Republican committee is organized following the September primaries, the funds in the hands of the former committee will be transmitted to it. Meanwhile, the Progressives then organized a provisional Progressive committee, and proceeded to do progressive politics.

The difference in methods will hardly fail to be noted. The Fresno people acted legally, they abused no trust, and they finally landed just where they wished to be. Not only so, but they left a sentiment behind them that will make it difficult to find a way to middle ground when the inevitable time comes that people who have been Republicans must meet again under one banner.

Whether it was Chester Rowell or Chairman M. B. Harris, of the new Progressive committee, or Frank H. Short, the redoubtable Republican who headed the provisional Republican committee since 1912—whichever it was that planned the action taken, can felicitate himself on having thought out a plan which shames the Progressives for what they did at San Francisco when the state committee met and went out of business, setting an example that was followed in many counties, including San Bernardino. There are leaders, and again there are leaders.

Since the above was written we learn that a similar plan was followed in Imperial county, Progressives resigning. No one could cavil at that action.

Incidentally and in conclusion, it may be noted that Chester H. Rowell is probably the leading Progressive in Fresno county, in the front rank of state leadership, and that John M. Esheleman, another great state leader, is perhaps the most influential Progressive in Imperial county, and that both these men may be classed among the ablest and most devoted Progressives in the country.

SUHR AND FORD TO GO TO FOLSOM FOR LIFE FOR MURDER

MARYSVILLE, Cal., Feb. 6.—Richard Ford and Herman Suhr, hop-pickers convicted of second-degree murder in connection with the riot on the Durst hop ranch at Wheatland last August, in which several were killed, were yesterday sentenced to life imprisonment in Folsom prison by Judge McDaniel. Bail was refused pending appeal. The men took their sentences stoically and no demonstration occurred in the court room.

DYNAMITE OUTRAGES IN PORTUGAL RUMORED

MADRID, Feb. 6.—Reports of dynamite outrages in various parts of Portugal are current here. News censorship is so strict, however, that it is impossible to get details or learn the origin of the trouble, which is attributed to Royalist attempts against the republican government. It is also known that a faction of Republicans disliked those in power. It is believed the movement is part of a plan to overturn the government. Startling news is expected.

Little Talks On Babyology

BY ANNA STEESE RICHARDSON
Director of the Better Babies Bureau of the Woman's Home Companion

FEEDING THE BABY

(Copyright, 1913, by the Woman's Home Companion.)

The last talk on Babyology set forth the importance of mother's milk for the baby under one year of age, and the equal importance of the mother keeping herself in good condition. A well-nourished mother means a well-nourished baby.

Next in importance to the sort of milk supplied the baby is the regularity of supplying it. How strange it is that we grown-ups who know the bad effects of irregularity in eating think that a newborn child can be fed irregularly without bad effects!

One of the first questions asked a mother at the Better Babies Contest is:

"How many times a day is your child fed?"

The variety of replies is amazing. "I don't know." "Whenever he cries." "When he wakes up." "Oh, when I get through with my work."

Naturally babies fed in this way are seldom prize winners. In studying the score cards of prize winners in a dozen states, I find that ninety per cent are fed at regular intervals, according to their age.

Babies are born hungry. For many weeks they have nothing to do, but eat and sleep. A well known writer on babies says that eating is the only form of recreation babies have. Adult intelligence must decide how often feeding, bearing in mind that a baby will cry just as hard on an overloaded stomach as on an empty one.

The time to start a baby in regular habits of feeding is the day of its birth. The newborn baby should be nursed every two hours from six a. m. to 10 p. m., and once during the night at 2 a. m. Within a week if the baby is normal, the mother should begin nursing it only once in three hours between 6 a. m. and 9 p. m. with the extra nursing at 2 a. m. This means seven feedings in twenty-four hours. At four months if the baby shows a normal gain in size and strength, according to the Better Babies Standard Score card, he should not be nursed between 9 p. m. and 6 a. m., but should be sleeping soundly. Between 6 a. m. and 9 p. m. he will now have six feedings and this schedule should be maintained until he is a year old.

Many mothers ask contest physicians whether the baby should be awakened to be fed. Physicians seem to agree that a baby should never be awakened at night to nurse, and that the healthy baby will wake of its own accord to be fed once in three hours during the day. There are rare exceptions to this rule. For example, when a mother has fed the child irregularly from birth, it sometimes turns night into day, sleeping by day and fretting for food by night. If the child is healthy, normal in every way, then it must be re-trained to wake during the day for nursing and to sleep by night without nursing. This very ex-

thing wrong with the bottle diet.

The bowels are a sure indication of the way in which the bottle diet agrees or disagrees with the baby. When the passage is hard and bullet-like, when it shows curd or white lumps like cheese, or when mucus is present (a slimy phlegm), or there is diarrhea, the mother may be sure that the food does not agree with her baby and the doctor should be consulted immediately.

No medicine should be given in such cases without consulting a doctor. What the baby needs is not dosing, but the right sort of food, the food its stomach will digest.

At one contest in the midwest the mother of a little prize winner told me that at eleven months, she almost lost her baby. She had changed diet time and time again, varying from certified cow's milk to a well-known patent food. The baby was reduced to a skeleton when the physician decided to try not milk, but cream, diluted with barley water. The change in the baby's condition was immediate, and it continued to thrive without further change of diet. On the other hand, some babies fed on this modified cream would not thrive. Frankly, feeding a baby deprived of breast-milk often resolves itself into an experiment, but an experiment which must be conducted in an intelligent manner, with the advice of a physician. Do not consult your neighbor, no matter how many babies she has raised successfully. The bottle food which was real food to her babies may be poison for yours. There are no hard and fast rules for bottle feeding. Each baby is a case unto itself and requires the most delicate attention, the utmost vigilance. Even two babies in one family may require different forms of artificial nourishment, or at least different modifications of cow's milk.

Babyology lays special stress on diet for the bottle-fed baby, so the next article will define the much discussed modified milk and the care of the bottle in which it is served to the baby.

A CASE OF LAST MADE FIRST

WASHINGTON, Feb. 6.—Secretary of War Lindley Garrison is a firm believer in the adage, "The first shall be the last and the last shall be first." Here's why: C. J. Garrison, the secretary's brother, is fifteen years older than the cabinet official. He became a judge at the age of 39 years, and it was only through the brother's fame as a most excellent judge that the present secretary of war, according to his own story, was known at all, as "Judge Garrison's brother." "But it's different now," said Secretary Garrison, smiling broadly. "Since March 4, 1913, I always hear my brother, the judge, spoken of as 'Secretary Garrison's brother.' I'm afraid brother doesn't like it, either," chuckled the Secretary.

URGE NUMBERING OF THE FOOTBALL PLAYERS

NEW YORK, Feb. 6.—A determined effort to adopt a rule requiring all football players to wear numerals was scheduled for tonight when the Intercollegiate Football Rules Committee meets here to discuss proposed changes in the playing rules. E. K. Hall, chairman of the committee, was to preside. It was predicted today that few changes in the rules will be made.

ORIENTAL TEA PARTY

Amphion Circle Entertains Miss Crookshank and Ladies of Aid Society

Yesterday afternoon the Amphion Circle of the Congregational church entertained the members of the Ladies Aid Society, the affair also being in honor of Miss Lida Crookshank who leaves for the Orient at the end of the month with Miss Celia Cotter and Mrs. Gertrude Finley. Miss Cotter, a former prominent member of the circle was present yesterday afternoon much to the delight of all.

The members of the committee in charge of yesterday's affair were Mrs. Beales, chairman; Mesdames Calkins, Dabbs, Blake, Fred Chapman, Ewing and Miss Crookshank, and they were responsible for the unique and lovely decorations that transformed the church parlor into a Japanese tea garden. Japanese lanterns, ropes of smilax, cypresses, and wisteria were employed in producing the artistic and realistic result.

After the arrival of the guests a program was given. One of the interesting features was a Chinese play written for them by Mrs. E. M. Blake, one of the hostesses. The theme of play was the instruction of Chinese children in American ways. Those taking part were Margaret and Mary Blake, dressed as Chinese children, and Mesdames Dabbs, Cole and Ewing, also in Chinese costume. The clever play was appreciated. Another pleasing part of the program was a Japanese song by a quartet of ladies, Mrs. Neff, Miss Faith Shaw, Mrs. F. C. Rowland and Mrs. A. J. Crookshank, all costumed as Japanese. A violin solo was charmingly rendered by Miss Reuter.

Refreshments of rice with hard sauce, rice wafers, Chinese tea, ginger preserves and Chinese candy were served by the hostesses, who were all most attractive in their Japanese garb.

Coplin-Swall

One of the prettiest events of the season, in Garden Grove, took place last evening at the home of Mr. and Mrs. Chas. Swall, when their daughter Ethel and Keller N. Coplin were united in marriage by Elder N. Carmichael.

The bride and groom took their places under a canopy of ferns and smilax to the strains of the wedding march played by Miss Hazel Guilley o. Hollywood. The bride was beautifully gowned in a yellow brocade, charmesse, covered and draped with shadow lace.

After supper was served the bride and groom left for a short wedding trip, but not without their share of congratulations and rice. The house was artistically and tastefully decorated throughout.

Besides relatives who were present from Hollywood, Los Angeles and Garden Grove, those witnessing the ceremony were Mr. and Mrs. N. Carmichael of Garden Grove, and Mr. Bradley Metcalf of Santa Ana.

Corps Meeting

At the W. R. C. meeting yesterday, many sick calls were reported, but quite distributed and also many sick members. Mrs. Jennie E. Ballif was taken into membership, and Comrades Baker and Rexford were made honorary members. Both comrades made talks on the Civil War, referring especially to Lincoln whose birthday occurs next week. Committees from both Post and Corps will visit the city schools which will celebrate Lincoln's birthday.

Mrs. Libby Allen was present from Oregon and told of the Corps work there. A good report was made by the treasurer. The monthly tea will be held on Friday, Feb. 13, with Mrs. Bonney and Mrs. Wilson in charge. A good program and refreshments are promised.

Birthday Party

Mrs. E. D. Smith of 212 Garfield street gave a party yesterday afternoon in honor of the eleventh birthday of her daughter Gladys. Carnations and ferns were used in decorations. Out of door games were played and pretty gifts were received. A birthday cake with eleven candles, candy and fruit salad were served at the birthday feast.

Those present at the party were Gertrude Kilby, Bernice Hanning, Mildred Beatty, Reta Reid, Helen Hankey, Hazel Miller, Irene Smith, Anna Grace McElree, Wilma Carter, Jean Winslow, Gertrude Smith.

BIRTHDAY OBSERVED

Shiloh Circle Meets in Honor of Natal Day of One of its Leading Members

In keeping with the happy custom of celebrating the birthdays of its members, Shiloh Circle, Ladies of the G.A.R., yesterday enjoyed a delightful social time in observing the natal day of Mrs. Lovisa Leslie at her home. The affair took the form of an all-day meeting with a sumptuous dinner served at noon.

In the afternoon a "feast of reason and a flow of soul" was enjoyed, a number of those present making talks in which were mingled wit and pathos and reminiscence. In addition to the talks there were readings by Mrs. Dora Martin, who gave "Fifty Years Ago," Mrs. Reuben Palmer, who rendered "Under the Shade of Wings," and F. S. Haughwout read a poem, "Mother's Fool." Impromptu talks made by Judge Langley, J. S. Brooks, Mrs. Hannah, and Mrs. Leslie, the honoree of the occasion. The afternoon added another to the pleasant sheaf of pleasant memories which Shiloh Circle members have garnered in their social and fraternal associations together.

Those present were Mr. and Mrs. Reuben Palmer, Mr. and Mrs. Jasper N. Martin, Capt. and Mrs. O. H. Mayratt, Mr. and Mrs. F. L. Sexton, Judge and Mrs. E. T. Langley, Mr. and Mrs. G. W. Baker, Mr. and Mrs. J. S. Will Dinehart, Mr. and Mrs. J. S. Brooks, Mr. and Mrs. J. T. Standing, Mrs. Hattie Smith, Mrs. Maud Wallace, Mrs. Ellen Martin, Mrs. Hannah MacKean, Mrs. Louisa Parker, Mrs. Lydia Hannah, Mrs. Hannah Dwyer, Mrs. Scribner, Mrs. Leslie, the guest of honor; Misses Lela Leslie and Kate Wendelken; Messrs. D. Palmer, O. M. Heffner, M. Hungerford, Thos. V. Davis, F. S. Haughwout, C. S. Shaw.

"First Aid to the Injured"

One of the most interesting meetings held by the Second Section of Ebber Household Economics was that on Wednesday afternoon at the C. F. Crose home, 301 Cypress, with Mrs. R. C. Rowland as hostess. The ladies of the committee in charge of the program were Mrs. Rowland, Mrs. J. P. Hatfield and Mrs. Fred Parsons. The subject considered was "First Aid to the Injured," and the ladies of the committee were dressed as nurses.

Mrs. Parsons talked on antidotes to poisons, dwelling on such remedies as are usually found in the household. Mrs. Rowland demonstrated the applying of bandages at wrist, elbow and ankle, and Mrs. Hatfield read a paper on the use of the pulmotor in resuscitation from drowning. The papers and demonstration were most interesting, being out of the ordinary. Roll call responses were along the line of the subject, the members of the class asked questions, and the information given by the instructors was freely discussed.

A social hour followed the study period, and light refreshments were served on small tables. There was a good attendance of the members of the section.

Rev. Staff Resumes Duties

Rev. Fred Staff and family will return tomorrow from Newport Beach, where they have been spending several weeks on account of the illness of Mr. Staff. Mr. Staff has sufficiently recovered to be able to resume his duties as pastor of the First Congregational church. He will preach at both services on next Sunday, and will hereafter fill the pulpit on each Sabbath.

Mr. Staff suffered a nervous collapse following insomnia, from which he suffered in the East, but the complete rest at Newport, with the health-giving sea breezes, have caused practically a complete recuperation. His congregation and friends will rejoice over his marked improvement, and he will be warmly welcomed on his return.

Special Revival

Special revival services in the First Free Methodist church, corner of G and Fruit streets, from Friday, Feb. 6 to Wednesday, Feb. 18. Services every night at 7 p. m.

The song services will be in charge of Rev. Mr. and Mrs. Rollin Cochrane and the preaching by Rev. J. E. Cochrane, district elder. Seats free and everybody invited.

LINCOLN'S BIRTHDAY

The attention of the people of Santa Ana and all patriotic associations is called to the approaching anniversary of the birth of our martyred President, Abraham Lincoln, Feb. 12, 1914, and a due observance of the same is requested by Sedgwick Post and its affiliated societies; and it is expected that the different schools of the city will extend the fullest assistance in impressing upon the minds of the young the true principles of patriotism and loyalty to their country.

Captain Hostwick of the American cruiser Nashville has landed eighty marines to protect Americans and foreigners. Many rioters are reported as killed and wounded. Others were killed while protecting property.

AUSTRALIA TO JOIN IN FAIR—\$300,000 BUILDING

SAN FRANCISCO, Feb. 6.—Cables from the Australian minister of internal affairs announced today that Australia has decided officially to participate in the Panama Exposition in 1915, and will spend \$300,000 on a building. Architects leave Sydney on March 7 for San Francisco to begin work on the building.

AMATEUR TENNIS RULE UNDER FIRE

NEW YORK, Feb. 6.—The most important question to come up at the thirty-third annual meeting of the United States National Lawn Tennis Association which convened here today, was expected to be that relating to "foot-faulting."

The plan was to change the rules to require the player serving the ball to replace his foot in the same spot after the serve. Robert D. Wren, president of the association, declared that such a rule, contrary to general opinion, would not weaken the "cannon ball" style of service which gives McLaughlin such a handicap. Wren declared that McLaughlin would be less hampered by such a rule than would Wilding, Brooks, Gore, Roper-Barrett, and other English players. It was believed today that the change would be adopted.

SUICIDE LEFT \$9000 ESTATE

Public Administrator Winbigger Asks Letters in Schirm Case

This morning Public Administrator Winbigger applied for letters of administration upon the estate of J. G. Schirm, the pioneer baker, who took his own life a few days ago. Schirm left an estate valued at \$9,000, consisting largely of property at the corner of Olive and West Fourth street. None of his sons or daughters live here.

Suit on Lien

Frank Carpenter, with Keech & Davis and L. M. Hartwick as attorneys, has brought suit against E. T. Brown to foreclose upon a lien on two lots at Orange. Carpenter's demand for labor upon a house is \$52.50.

Courtroom Notes

C. N. Sharp, with L. A. West as attorney, has applied for letters of guardianship upon the estate of Mary Elsie Haskins, an incompetent person. The estate is valued at \$3500.

An interlocutory decree of divorce has been granted Joseph Ferguson of Newport Beach against Edna Rose Ferguson. Desertion was the ground.

Judgment has been given W. Frank Harris for \$500 against E. M. McKinsey. The judgment was upon a forged note of \$500, given by McKinsey to Carrie H. Rumsey, the name of Mary J. Neill being forged to the note.

Criminal Charges

This morning Judge West sentenced F. Alvarez to sixteen months in the county jail, and Pedro Hernandez to four months. The two men were convicted of assault with deadly weapon upon Joe Gutierrez at Delhi. Gutierrez was slashed across the cheek by Alvarez. Hernandez could not run as fast as Gutierrez, and that is why he did not stab him.

Englander, charged with assault with a deadly weapon upon Jacobs in a quarrel over two girls, was before the court and February 9 was set as the time for answer to arraignment.

Charlie French, pleading guilty to robbing a Talbert poolroom of tobacco and cigars, was given five years probation. His probation order stipulates that he must not loiter around poolrooms.

NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH; OPEN AT ONCE

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges. Dull Headache Goes

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm," and your cold or catarrh will surely disappear.—Advertisement.

W. C. T. U.

The Tustin W. C. T. U. will hold its regular meeting with Mrs. Harry Lewis next Thursday afternoon. A full attendance is urged. The meeting will be a Frances Willard memorial meeting and every one is expected to bring something either to read or to tell about the life of Miss Willard, as this is a leaderless meeting and it is desired to have every one take part.

Breakfast at Twelve

The Household Economics Section was entertained at breakfast by Mrs. W. L. Leiby and Miss Minnie C. Childs at Miss Childs' beautiful little home Wednesday at high noon. The hour appointed was 11:30, but a little delay in the arrival of guests made it later.

Violets were used as decorations throughout the rooms with smilax and ferns. Dainty, artistically hand-painted china for serving made the following scientifically prepared menu seem all the more delicious: Mush, hot biscuits and butter, omelet, bacon, coffee, fruit and Sarsaparilla. Shamrock hand-painted place cards were used.

Besides the hostesses those in attendance were Mesdames S. W. Stanley, Good Adams, H. Romer, Byron Johnson, Fred Preble, C. E. Cranston and B. H. Sharpless. Mrs. C. E. Ut was a guest of the club.

Birthday Celebrated

The birthday anniversary of Mr. Louis Ebel was celebrated by his family last Friday. A handsome dining table was presented to the father and mother together on this occasion.

The children who gathered around the board were Mr. and Mrs. Sam Kuechel and two daughters, Lillian and Pearl of Orange; Mr. and Mrs. Claud Martin, Mr. and Mrs. P. H. Ebel, Mr. and Mrs. Franklin Griset and Master Philip Griset, Mr. and Mrs. Henry Ebel, Miss Lena Ebel and Mrs. Mary Feh.

Burial at Fairhaven Cemetery.

Edward Sibley, whose remains were brought from Los Angeles last Saturday to be buried at Fairhaven cemetery, had a number of relatives and connections around Tustin and vicinity. Mr. Sibley came from Denver to Los Angeles early in December to be with his daughter, Mrs. Mary Riley, but his health was not benefited and his death occurred on Friday of last week. The funeral was conducted at the Boyle Heights Methodist Episcopal church, Los Angeles, Saturday morning, the interment at Fairhaven Saturday afternoon. Those who went to Los Angeles to the funeral were

Government-Owned Smoke

Citizens of these United States who help for government ownership of every industry that displaces them ought to live in France a while in order to get acquainted with a horrible example of what political paternalism really means. In the French republic the government controls the sale of tobacco, which is famous for its infamous quality. Instead of improving the cigarettes and cigars sold, the authorities occasionally soothe consumers by inclosing various presents in the packages of smokers. This is sometimes adding insult to injury, however, for the tobacco is sold according to weight. Recently, when a certain brand of cigarettes was accompanied by a heavy shoe buckle the worm turned and kicked. At the "Direction des Tabacs," however, the officials have all the hauteur of the American political appointee, and the kicker was asked coldly if he expected a pair of shoes for ten cents.—Wall Street Journal.

What is Migraine?

Many of the old authorities consider migraine as a kind of "brain storm" without the loss of responsibility. It is a near relative to epilepsy, though fortunately not so hopeless. At a recent meeting of the Physicians' Club of Hamburg Dr. Auerbach announced that after prolonged study he had come to regard migraine as a general symptom due to the fact that the cerebrum on a given side was too large for the cranium. If this be the real basis of the trouble, then any nervous disturbance will bring on the crisis in the brain.

The truth of the idea has not yet been demonstrated, but as migraine is so common many physicians may be able to test the idea. In the course of the discussion many suggestions were made.

Proof of Turtle's Longevity

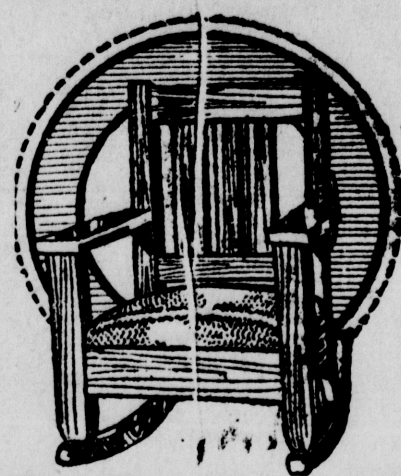

Frank Benter, a son of Peter Benter, strolling along a run near his home at Monongahela, Pa., picked up a live turtle with the following inscription carved on its shell: "Henry Ballantine Benter, June 3, 1804." When young Benter showed the turtle to his father, Presley Benter, the latter remembered that the turtle had been seen on the farm three times since his son's great-grandfather carved his name on its back 109 years ago.

A Compromise

A partner in one of the theatrical producing firms in the city of New York had occasion to hire an actor to play a small part in a drama he was putting on. A rather well-bred actor, who values himself and his art with a proper appreciation, applied for the place. "You play a full-blooded Sioux Indian," explained the manager. "The salary is \$50 a week." "My dear boy," said the actor in a pained tone, "I've never worked for less than \$100. A hundred dollars is my regular price." "Fifty dollars!" said the manager calmly. "Take it or leave it." The actor thought it over a minute. "I'll take it," he said, "but I can't play a full-blooded Indian for \$50. I'll play him as a half-breed."—Saturday Evening Post.

WOMAN UPHOLDS POLITICAL MACHINE

Mrs. Gertrude Lee of Colorado
Says Machine Only Can Win
for Party Principles

DENVER, Feb. 6.—"I am a machine politician. By machine, I mean not a corrupt body but an organization pure in principle and certain in purpose."

So spoke today Mrs. Gertrude M. Lee, the first woman in the United States to become chairman of a state central committee of one of the principle political parties. Mrs. Lee who was vice-chairman of the Colorado Democratic central committee, took over the chief executive office of her party in this state when Chairman George M. Brady resigned.

Mrs. Lee is preparing a strenuous program for herself during her term of office.

"A machine—in other words a forceful and harmonious organization—is the only factor which can assure the success of a party," she said today. "I believe in the party above the man. The candidate should be pledged to certain principles and after that the individual equation should be eliminated."

"My aim will be to organize our party and to see that Democrats are returned to office in the next election. We cannot afford to let a Republican succeed Senator Thomas when his term of office expires."

"I intend to visit every county in the state and learn the true political conditions. I do not propose to take anybody's word for it by mail or long distance that everything is going fine. We cannot afford to do that. We must be sure. I shall try to reorganize local committees everywhere in the state and have the movement started right."

"One of the greatest of my aims will be to bring the majority of the women of Colorado under the Demo-

Helen Prettychild—"Come on, girls, let's play house. First, we'll wash our dollies' clothes. Buddie, you go ask Mama for a teeny little piece of Fels-Naptha Soap and a basin of lukewarm water. That'll make the clothes nice and clean."

Anty Drudge—"Yes, children, always remember when you grow up and do keep house for real that Fels-Naptha Soap is your best friend."

Over a million women are doing their work with this strength-saving, health-saving soap every day in the year. Fels-Naptha does better work more quickly than it was ever done before. It washes clothes clean, sweet and white. It takes out stains of all kinds, dissolves grease and makes china and glassware glisten. It does all kinds of work in cool or lukewarm water, without hard rubbing or scrubbing.

Follow the directions on the Red and Green Wrapper. Better buy Fels-Naptha by the box or carton.

CENSOR COMMISSION'S POLICY IS SUBJECT OF DISCUSSION AT PARENT-TEACHER ASSOCIATION

The Censor Commission yesterday made the first public statement it has made concerning its aims and policy. The statement was made at the meeting of the Parent-Teacher Association of the Polytechnic High School in reply to an address by Attorney E. E. Keech in which the speaker pointed out the fact that many undesirable films are shown, and that in face of the fact that there is a Censor Commission. C. E. Jackson and T. E. Stephenson, members of the commission, declared that the commission has done its work quietly, without the blast of trumpets, and that in time the good effects might be more noticeable to the general public than now.

On one thing all agreed, and that was that censorship of moving pictures should be at the source. A film comes to a town, and is shown without anyone knowing what it is until it is run off on the screen at the playhouse receiving it. If it is stopped, the same difficulty may arise with the very next film. Keech urged that there should be state legislation so that no film could be shown anywhere in the state until it has been passed upon by a state board of censorship.

The question under discussion was worded as follows: "Do you think a teacher should unconditionally recommend the moving picture and vaudeville shows as they are given in this town?" Socially do you think they are the best we could recommend to build a pure social nature in a boy or girl of 13, 14 or 15?"

Keech answered the question in the negative. He said he went to the moving pictures often, and had seen many splendid things, educational and entertaining, yet sometimes, quite often in fact, he saw films that were very distasteful, and, he was confident, in violation of the city ordinance on censorship. He said he did not blame the censor commission, as the job was thankless, endless, and one in which it was difficult under present conditions to accomplish anything, owing to the fact that censorship is at the wrong end of the line. Keech gave an illustration of a film that he said was distasteful and in violation of the city law, a case where an attempted safe-breaking and suicide were involved.

C. E. Jackson, chairman of the commission, and T. E. Stephenson discussed the situation. Mrs. O. M. Robbins, the third member, was unable to be present. In short, the position of the commission is as follows: The commission has gone about its work with a desire to do the most good in the best way. There were two ways of proceeding, one the strong-arm method by which every theatrical manager would be prosecuted on every provocation, and the other the co-operative method by which the commission and managers work together to better conditions. The commission selected the latter method, especially in view of the fact that should a fight on the ordinance be made in the courts it might be knocked out entirely. The ordinance is not at all clear on moving pictures, and possibly a court would hold that the section that is intended to give the commission jurisdiction over moving pictures in reality gives it jurisdiction over billboards, posters, etc., only.

The commission's powers are limited to the ordinance. A film might be very distasteful, and yet not be in violation of the ordinance.

The following committee was appointed for the next meeting: Mrs. Darnell, Mrs. Evans and Miss Gowdy. The meeting will open promptly at 3 o'clock.

Mrs. Webber, Mrs. Lee and Mrs. Fletcher had yesterday's meeting in charge and served refreshments. The following girls from the commercial department of the high school assisted in serving: Misses May Eckardt, Georgiana Mahan, Helen Chaffee and Aaline Keefe.

SPREADING OF STORM WATERS AS STORAGE OF SUPPLY FOR SUMMER PROVED SUCCESSFUL

In the Banning section a movement is under way to spread storm waters as a means of storage for use in summer. This method has been proven successful in Orange county in Santiago canyon, where the supply of water available for use by El Modena and Villa Park ranchers has been greatly increased by the spreading of winter waters upon the bed of the canyon.

It is declared that, as a result of the experiment inaugurated in the San Bernardino Valley in 1908, involving the same proposition with the Santa Ana river and the Santa Ana wash, the flow of water in every well in that country was raised about six inches, and in addition there was an abundance of water for every purpose. Eight sections of land were withdrawn from settlement for that project.

It is estimated that in the course of its long journey, during nine months of the year, underground, and scarcely visible to the naked eye over most of the distance, that the Santa Ana river is directly responsible for the employment of more labor, for the establishment of more homes, for the production of more net actual wealth, than the Mississippi, after figuring on the damage by floods of that mighty stream.

By the plan now in operation the Santa Ana river is used seven times to turn the wheels of development and water the great agricultural region. It has been employed to turn every wheel and light every electric bulb in the San Bernardino Valley; used to irrigate lands at Redlands and vicinity; used for a third time at San Bernardino, a fourth time at Colton, a fifth time at Riverside, a sixth time at Rincon and a seventh time at Santa Ana.

It is estimated that in the course of its long journey, during nine months of the year, underground, and scarcely visible to the naked eye over most of the distance, that the Santa Ana river is directly responsible for the employment of more labor, for the establishment of more homes, for the production of more net actual wealth, than the Mississippi, after figuring on the damage by floods of that mighty stream.

By the plan now in operation the Santa Ana river is used seven times to turn the wheels of development and water the great agricultural region. It has been employed to turn every wheel and light every electric bulb in the San Bernardino Valley; used to irrigate lands at Redlands and vicinity; used for a third time at San Bernardino, a fourth time at Colton, a fifth time at Riverside, a sixth time at Rincon and a seventh time at Santa Ana.

Housekeepers' Alliance Plans
to Educate its Members
in Home Economics

WASHINGTON, Feb. 6.—"An ignorant mistress makes an indolent servant." Holding this truth to be self-evident, the Housekeepers' Alliance of Washington has undertaken the education of its 290 members in household economics, as a part of its general scheme to solve the servant problem and incidentally keep the cost of living within reasonable bounds. It has organized a "reference circle," which will meet once a month. Here each member will bring her domestic problems for analysis, and the bride may learn from the experience of the woman who has celebrated her silver wedding.

"Eventually the Alliance will establish a school for housekeeping, where girls, especially those from the country, will be trained as cooks, dining room girls, and nurse girls," said Mrs. Gulon Miller, president of the organization, in an interview with the United Press correspondent today. "In the meantime, however, we believe that the average wife and mother has much to learn in the way of proper management, and the reference circle was organized to meet this particular need. Its meetings are open to every woman interested in running a household and its discussions are most informal."

One of the objects of the circle is to stop the abuse of "references" by servants. Every reference presented to a member of the circle is religiously followed up and they have promised to issue no laudatory references to incompetents. A card index showing the records of several hundred girls is one of the features of this work.

The Alliance also devotes much attention to retail grocers and butchers. It takes the position that the middleman is a necessity, but that his profits should be reasonable and his products clean and wholesome. Mrs. Harvey W. Wiley is one of the leading members of the Alliance.

Keeping up Appearances

The matter of extravagance outranks any problem of the time. We are all trying to keep up with our neighbors, who have more money to spend than we have. It requires courage to say

"We can't afford it."

If you want to succeed, young man or young woman, cut out extravagance. Honesty, energy, and frugality are more necessary than ever today.

Oil Out in 1913

From the oil fields of California during the year 1913 there were produced 98,000,000 barrels of crude petroleum, the largest output in the history of the industry of the State. By months the production in barrels was as follows:

January	7,566,789
February	7,207,198
March	7,986,407
April	7,927,041
May	8,049,715
June	8,030,111
July	8,427,081
August	8,812,793
September	8,655,000
October	8,236,649
November	8,367,151
December	8,500,000

The official figures for December are not yet available, but every indication is that the output for that month will exceed the estimate rather than fall below it. This record is a wonderful one. It is almost as much as the entire production of the United States was ten years ago, for in 1903 the total output for the country was 100,461,337 barrels and more than half as much as the gross output was in 1909.

Producing wells December 31 in the State numbered around 5600 active, and idle producers about 1600. Compared with December 31, 1912, this shows a decrease in the number of active producers of more than 200, and an increase in the number of idle producers of over 700. The production for the year 1913 largely exceeded the output, with the result that a large number of producers were capped to shut off production. With the increased demand now for fuel oil on the sea, and the probability of a better price for the product these wells are likely at an early date to again become producers.

Imports Show Increase

At the port of New York in 1913 duties aggregating \$204,261,127 and miscellaneous receipts \$5,430,655, a total of \$209,694,182, compared with \$212,961,988.16 in 1912. Imports of gold and silver in 1913 were \$48,693,499.

Domestic imports totaled \$115,854,039, compared with \$86,546,694, and foreign exports \$6,091,891, against \$7,399,633. Imports of merchandise in 1912 were \$91,100,438, against \$1,068,296,330 for 1913 and exports of domestic merchandise were \$899,070,148, against \$849,102,494 and exports of foreign merchandise totaled \$106,096,822, against \$17,200,612. Merchandise withdrawn from warehouses totaled \$121,180,713, against \$92,247,864.

Sugar Negotiations End

The American Sugar Refining Company and the Department of Justice have failed to reach an agreement regarding demands for a reorganization of the alleged trust and the suit, it is said, will be pushed by the Government. Negotiations have been going on for two months. In the bill filed against the Sugar Company the Government held that it controlled about 72 per cent of the total output of refined sugar in the country, exclusive of the beet sugar product, and that its percentage of the beet sugar produced was about 64 per cent of the total. The bill asked that the American company, the National Sugar Refining Company of New Jersey and the Great Western Sugar Company be found unlawful monopolies and that the community of stock interest held to exist between them be broken and enjoined.

Los Angeles Bank Clearings

Bank clearings for the first eight business days of 1914 in Los Angeles were \$31,629,386.80, a decrease compared with the same period in 1913 of \$866,867.80, and an increase of \$4,847,168.32 compared with a like period in 1912. The details follow:

	1914.	1913.	1912.
Friday, 2	\$4,594,960.72	\$5,758,771.26	\$3,771,922.32
Saturday, 3	4,251,851.85	5,072,299.58	4,095,191.83
Sunday, 4	4,775,660.72	4,546,559.74	4,251,676.84
Monday, 5	4,291,947.45	4,266,232.73	3,909,222.44
Tuesday, 6	5,403,944.33	4,584,513.14	2,986,423.16
Wednesday, 7	4,219,665.24	4,182,621.45	3,682,199.38
Thursday, 8	4,085,356.19	4,015,326.69	3,380,579.71

Wealthy Woman Deported

Protesting that "she would have received more civility in darkest Africa" than was accorded her here, Palamara de Treschow, 50 years old, said to be a member of the Danish nobility, was deported, says a New York telegram, by the immigration authorities on the liner Santa Marta, bound for Jamaica, on the ground she is not mentally competent. It is said she has a fortune of \$5,000,000, her family being the largest land holders in Scandinavia.

Sues for Millions

The German Potash Syndicate is to bring suit against the Imperial Chancellor to recover \$2,000,000 forming the so-called "propaganda fund" for advertising the merits of the German fertilizer at home and abroad. The fund was raised by imposing a tax on all potash mined in Germany under the law of 1910.

Cost to Capture Bandits

To capture the bandits who held up the Blythe bank and killed the cashier cost Riverside county \$1258.60. The murderers will be sentenced next Wednesday.

Manufacturers Optimistic

As an evidence of the revival of business and the optimistic feeling that prevails in the manufacturing districts in the East, 10,000 idle men have returned to work this week in the Pittsburgh district, due to the reopening of big plants.

Potash Agreement Extended

The German potash syndicate, through its American representative in New York, A. Vogel, announces that the syndicate agreement would be extended to 1925. The syndicate controls the potash mines of Germany and has maintained price levels by restricting output.

Great Wireless Station

The Government will erect at San Diego the largest wireless telegraph station in the United States for the Navy Department. The four steel towers will each be 600 feet high.

Before Railroad Commission

The Wilmington Water Company has been given authority to operate in Los Angeles County.

The Fresno Traction Company has been granted authority to extend its line nine and a half miles along the San Joaquin River and to construct crossings at grade.

The Sacramento Natural Gas Company has applied for an order to issue \$200,000 in bonds as collateral security for notes to pay off a floating indebtedness of \$100,000.

A certificate of public convenience and necessity has been granted to the Southern California Gas Company, permitting it to operate in Glendale.

The Southern California Gas Company filed a 14-cent rate for Los Angeles with the State Railroad Commission Monday. This is a reduction from 18 cents per 1,000 cubic feet, as ordered by the commission some time ago. The rates are effective at once.

Operations of the Hamilton branch of the Northern Electric Railway Company from Chico to Hamilton has been temporarily suspended by the Commission, because it has been necessary to remove the trestle over the Sacramento River. In its application the company states that the branch between Chico and the Sacramento River does not yield sufficient income to pay the costs of maintenance and operation.

Commissioner Gordon, who heard the case of the proposed sale of Deer Creek Rural Telephone Company in Tulare County to the Pacific Telephone and Telegraph Company, has recommended that the application be granted, subject, however, to the consent of the shareholders in the Rural Company.

The Coast Counties Gas and Electric Company has applied for authority to change part of the route of its electric power line along certain highways in Gilroy, Santa Clara County.

The Southwestern Home Telephone Company has filed an amended application for authority to refund promissory notes and to pledge bonds as collateral security thereof.

The Western Water Company has applied for a certificate of public convenience and necessity to sell and distribute water in the Midway oil fields, Kern County.

The Standard Oil Company of California has filed a statement with the commission, setting forth that the proceeds of the sale of stock, for which authority is asked, will be used for industrial rather than public utility purposes; that is, that "the proceeds of sale of stock for the issue of which the authority and approval of the Commission are herein sought, will be used by the applicant wholly for enlargements of its manufacturing plants, for its operations in drilling wells for oil, for payments for property purchased and lands leased, and for the purchase of crude oil."

Praise Indeed

William C. Brown, the president of the New York Central Lines, began life on the farm, says the Philadelphia Bulletin, and now, resigning the post which he has filled so brilliantly, he is going back to the farm again—a superb stock farm, where he will raise Percherons.

Praising farm life, Mr. Brown said the other day: "I'm like Mrs. Maximilian Forrester—I can't be too high in my praise. Mrs. Forrester, you know, stood one day before the Apollo Belvedere, in Rome. She considered the statue calmly and attentively, and then she said to a woman near by:

"Excuse me, I'm Mrs. Maximilian Forrester, of Yonkers. Is this the Apollo Belvedere?"

"Yes, madam," replied the other.

"Considered a pretty fine statue?"

"Finest in the world, madam."

"Well," said Mrs. Forrester, pursing her lips, "I've seen the Apollo Belvedere, and I've seen Maximilian Forrester. And give me Forrester!"

Study Chambers of Commerce

Officials of the State University are to co-operate with a committee from the several Chambers of Commerce in California in outlining courses of study at the University designed to fit students for Chamber of Commerce work. This was decided upon at a meeting of secretaries of the several Chambers of Commerce held in Oakland this week. These officials were elected: Joseph Caine, Oakland, president; E. H. Brown, Sacramento, first vice-president; J. G. Metzger, San Leandro, second vice-president; William Robertson, Fresno, third vice-president; William S. Duvall, San Luis Obispo, secretary-treasurer.

The advisory board was named as follows: William Tomkins, San Diego; R. N. Lynch, San Francisco; Roscoe Anderson, Riverside; A. B. Swain, Sebastopol; S. M. Sheridan, Ventura; J. E. Welch, Hayward, and George McCabe, Modesto.

To Encourage Search for Oil

To encourage the search for petroleum Secretary Lane of the Interior has drafted a bill which was introduced in Congress this week which provides for a system of leases by the Government of lands bearing deposits of mineral which it still controls and which requires the payment of a fixed minimum annual royalty into the Treasury. The Secretary would also grant a license to any one to prospect exclusively a large tract of land for two years, and in the event oil was found in commercial quantities a royalty charge as provided would be charged.

The only oil lands reserved by the Government for its use, and these lands are now in litigation, are in California. The total acreage of all lands withdrawn by the Government which contain or are valuable for minerals, fuels, fertilizers and with water resources or irrigation projects aggregate 66,000,000.

To Amend Inheritance Tax Law

An amendment to the inheritance tax law of California to prevent the disposal of estates before death will be urged on the Legislature at its next session. This amendment, which will have the endorsement of State Comptroller Chambers, will seek to make liable to assessment property reasonably proven to have been given away by a deceased citizen in order to evade the inheritance tax.

Value California Products

The California fruit crop for the past season is valued at \$100,000,000; alfalfa, \$15,000,000. Tobacco growing for experimental purposes will bring half a million, the variety grown being Turkish. The rice crop will yield a large sum. It is claimed that California products and minerals will yield \$500,000,000 for the past season.

MANY IMPROVEMENTS HAVE BEEN MADE ON EAST NEWPORT LOTS

EAST NEWPORT, Feb. 6.—Many improvements are to be seen going in throughout East Newport. Work on the improving of several streets and alleys is being done in the line of resurfacing. The erection of the W. G. Fraser home on the ocean front is being rushed as rapidly as possible, and J. C. Baxter, a well-known banker of Upland, is making several improvements on his residence on the bay. Another new house was started this week on Bay avenue, between Second and Third streets.

PLACENTIA CANNING COMPANY IS LOOKING FOR TOMATO ACREAGE

Placentia Courier: The Placentia Canning Company held a meeting of its directors and stockholders Tuesday. The report of business done since the cannery started was very satisfactory and plans were made for increasing largely the capacity of the cannery next year if enough tomato acreage can be contracted for. The cannery expects to pay a good price for tomatoes next year and it is the experience of growers who have kept track of it that it has paid them much better to sell their entire output to the cannery than to try to dispose of part of their tomatoes to the vegetable companies besides far less trouble and expense of handling.

The cannery is now ready to contract with growers for their acreage next year and all who wish to grow tomatoes the coming season should see Mr. Stevenson, the manager, at the cannery at once. He is there every day and will be glad to close contracts for next year's crop.

The management is anxious to sign up acreage so that they may know at once to what extent the plant must be enlarged for another season. They want at least 140 acres. This will enable them to put up 600 cases every day for a run of about 45 days or two eight-hour shifts. They can readily sell all the tomatoes that can be canned and more. The Placentia tomato is the best on the market and the supply is far behind the demand.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Advertisement.

"JURETTES" CONTINUE PROBE

REDWOOD CITY, Cal., Feb. 6.—California's first women grand jurors, those of San Mateo county, like their work so well that they are going to keep it up, even if they must do so in an unofficial capacity. As a preliminary step, plans were completed today for the organization of a county committee of women to investigate everything that looks like it needs investigation.

The leader in the movement is Mrs. Racine McCroskey, who was a member of the jury. The other jurors are also included as are many well-known San Mateo county women who had not the good fortune to serve on the inquisitorial body. While the women's future investigations will be extra-legal, the leaders say they will be extremely thorough and that by the time they are concluded San Mateo county will be thoroughly purified. Judge Buck suggested such an organization when he discharged the jurettes recently.

Los Angeles Produce Market
In the face of extraordinarily heavy receipts for the last week, California creamery butter dropped 2 cents yesterday. The jobbers' quotation declined from 31 to 29 cents, thus reducing the wholesale figure from 35 to 33 cents.

It is said that never before at this season of the year has there been so much butter received in Los Angeles as at the present, and it is declared by some dealers that in view of the heavy production in all of the dairy sections of Southern California, and with the abundance of pasture and green feed resulting from the recent rains, the quotation is due to come down still farther within a short time.

Yesterday's receipts of eggs were the heaviest since the early fall, but no change in the prevailing quotation on fresh ranch eggs resulted.
Another shipment of Imperial Valley green corn was received yesterday and placed on sale to the trade at 75 cents per dozen. The first consignment found a ready market.

A small quantity of late strawberries from the Gardena district were seen in the market yesterday, priced at 20 cents per box.

SUMMONS

(No. 6099)
Action Brought in the Superior Court of the County of Orange, California, in the matter of the County of Orange, and the Complaint filed in the office of the Clerk of said County of Orange, L. M. Hartwick, Keesch & Davis, Attorneys for Plaintiff.

In the Superior Court of the County of Orange, State of California.
F. J. Gardiner, Plaintiff, vs. Edward M. McKinney, Grace E. McKinney, W. F. Harris, John Doe and Jane Roe, Defendants.

The People of the State of California send Greeting to Edward M. McKinney, Grace E. McKinney, W. F. Harris, John Doe and Jane Roe, Defendants.

You are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the County of Orange, State of California, within ten days after the service on you of this summons, if served within this County, or within thirty days if served elsewhere. And you are hereby notified that unless you appear and answer as above required, the said Complaint will take judgment for any money or damages demanded in the complaint, as arising upon contract, or be liable to the plaintiff for any other relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the County of Orange, State of California, this 25th day of November, A. D. 1914.

L. M. HARTWICK, KEESCH & DAVIS, Attorneys for Plaintiff.

PROPOSALS FOR SCHOOL BONDS
Sealed proposals for the purchase of school bonds in the sum of Twelve Thousand (\$12,000.00) Dollars of Bay City School District of Orange County, California, will be received by the Board of Supervisors of Orange County up to 11 a. m. of Tuesday, February 17, 1914.

The bonds to be purchased are dated March 1, 1914, and shall bear interest at the rate of five (5%) per cent per annum, payable semi-annually, and shall be payable at the office of the Treasurer of Orange County, California.

The bonds are twelve (12) in number, of One Thousand (\$1,000.00) Dollars each, payable as follows: to-wit: with cash, \$1,000.00, payable March 1, 1914; \$1,000.00, payable March 1, 1915; \$1,000.00, payable March 1, 1916; \$1,000.00, payable March 1, 1917; \$1,000.00, payable March 1, 1918; \$1,000.00, payable March 1, 1919; \$1,000.00, payable March 1, 1920; \$1,000.00, payable March 1, 1921; \$1,000.00, payable March 1, 1922; \$1,000.00, payable March 1, 1923; \$1,000.00, payable March 1, 1924; \$1,000.00, payable March 1, 1925; \$1,000.00, payable March 1, 1926; \$1,000.00, payable March 1, 1927; \$1,000.00, payable March 1, 1928; \$1,000.00, payable March 1, 1929; \$1,000.00, payable March 1, 1930.

The Bonds will be sold for cash only and at not less than par and accrued interest. The purpose of the sale is to raise money for the purpose of raising money for purchasing school lots, for building or purchasing of new school buildings, for improving school buildings, for supplying school buildings with furniture or necessary apparatus, and for improving school grounds.

A certified or cashier's check payable to the order of the Chairman of the Board of Supervisors in the sum of three per cent of the amount of said bonds or of the portion thereof bid for, must accompany each bid. Said Board reserves the right to reject any and all bids.

The total valuation of taxable property within the Bay City School District in said County for the year 1913, is \$409,335.00, exclusive of operative property, and outstanding bonded indebtedness is none.

By order of the Board of Supervisors of Orange County, California, made February 3, 1914.

W. B. WILLIAMS, County Clerk and Ex-officio Clerk of the Board of Supervisors.

Orange, Cal., Jan. 31, 1914.

To the Board of Directors of the S. A. V. I. Co.

Gentlemen:—Work done during the month is as follows:

On ditch O, between Main street and Broadway, have laid 576 feet of 18-inch pipe and replaced two gates.

In ditch N, across Main street, have

laid 296 feet of 18-inch, 682 feet of 24-inch pipe; reinforced 66 feet with concrete jacket, and replaced five gates. Have made 5,520 feet of 10-inch, 112 feet of 12-inch, 1,688 feet of 24-inch cement pipe.

Have kept small crew cleaning and repairing banks on main canal.

The division gate has been taken out on account of high water.

Pumps No. 1 and 2 have been overhauled and put in good condition for coming season. At pump No. 1 have replaced old frame with new.

Other work has been done as usual. Respectfully submitted,

W. A. RALPH, Superintendent.

Treasurer's report was received and ordered filed.

A petition to pipe a portion of ditch O on Santa Clara avenue was received from E. F. Greenleaf et al, and referred to the board as a committee of the whole.

A petition for a continuation of ditch O was received from Sarah A. Ross et al, and on motion was granted as far as A. F. Reynolds' east line, the petitioners to pay half the cost of the pipe line and all the costs of the gates.

The zanja committee's report was read and accepted as follows:

Zanja Committee's Report

Orange, Cal., Jan. 31, 1914.

To the Board of Directors of the S. A. V. I. Co.

Gentlemen:—Having examined all matters referred to us, beg to report as follows:

F. Ahlfeld, for gate—We recommend that same be allowed subject to the approval of our superintendent. Respectfully submitted,

L. E. SMITH, FRED ROHRS, Zanja Committee.

The superintendent was instructed to do the work as per the recommendations of the committee.

As per notice of assessment No. 54, levied October 25, 1913, the secretary, O. E. Mansur, offered for sale the stock which was delinquent on account of failure to pay said assessment No. 54.

F. A. Kubitz bid in the one share standing in the name of Jos. Yoch, and on motion the secretary was instructed to issue one share of unlocated stock to F. A. Kubitz.

No bidders offered the amount of assessments, cost and charges due for any of the following parcels of stock, and the same were therefore bid in by the S. A. V. I. Co. through Director H. W. Lewis, at the amount of assessments, costs and charges, to-wit:

Shares

H. B. Beall 30

C. L. Benson 40

Chas. Bentley 50

Marie M. Farnham 25

Margaret A. Wallace 25

On motion the following resolution was adopted:

Resolved, That the record owners of the land from which the water stock was sold to the S. A. V. I. Co. for failure to pay Assessment No. 54 be permitted to redeem same at any time on payment to the secretary of all arrearages, assessments, cost and interest which have accrued between the levy of said assessment No. 54 and the time of redemption as per by-law 26 of the S. A. V. I. Co.

The finance committee's report, approving bills as follows: Construction account, \$2,220.00; expense account, \$2,469.40, was read and approved and the secretary instructed to draw warrants on the proper funds for the several amounts.

On motion the following resolution was unanimously adopted by an aye and nay vote:

Resolved, That an assessment (No. 55) of ten (10) per cent be levied

upon the capital stock named in the articles of incorporation, amounting to sixty cents per share upon the subscribed capital stock now in force, payable at the office of the company in Orange, Cal., to the secretary, O. E. Mansur, on or before Wednesday, March 11, 1914.

Any stock upon which the assessment shall remain unpaid after Wednesday, March 11, 1914, will be delinquent and advertised for sale and will be sold at public auction at 1 o'clock p.m., Saturday, April 25, 1914, to pay the delinquent assessment, together with the cost of advertising and expense of sale, unless payment is made before.

On motion the president and secretary were instructed to issue a note in behalf of the S. A. V. I. Co. to Fred Rohrs and Anna Rohrs for \$5,300.00, said note to take up three other notes totaling \$5,300.00, now held by said Fred Rohrs.

A communication from the Western Motor Record was received and filed. A petition to connect a pipe line to the Fletcher gate on the Booster line was received from Sprague & Bates and granted, subject to the approval of the superintendent, the petitioners to pay all costs.

J. McFadden appeared before the board in reference to piping a portion of Ditch C on First street and the matter was referred back to him for a petition.

A petition was received from Wm. Hillebrecht for a wing on a gate on Ditch H and was referred to the zanja committee.

A petition was received from J. P. Boring to unlocate stock from lot 10, block E, of the town of Orange, represented by certificate No. 2241, and same was granted and the secretary instructed to issue unlocated stock in lieu thereof upon the applicant filing with the secretary the proper recorded disclaimer.

On motion the petition of Geo. R. Wells to unlocate stock from lots 10, 11 and 12, block A of Caldwell & Wetherbee's addition to Orange was taken from the table and denied.

The board of directors' report to the stockholders as prepared by the president was read and adopted.

On motion the board adjourned to 8 a.m., Tuesday, Feb. 3, 1914.

O. E. MANSUR, Secretary.

DID CHILD WAKE UP CROSS OR FEVERISH?

Look, Mother! If Tongue is Coated Give "California Syrup of Figs"

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing.

Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company." Counterfeits are being sold here. Don't be fooled!—Advertisement.

AMUSEMENTS

Something Good at Clune's

The program which was presented at Clune's Theater last evening and which will continue for the remainder of the week certainly is a winner.

The vaudeville numbers are all up to the regular high standard set by this musical house. They include "The Four Hamiltons" in a series of musical novelties. Their saxophone quartette was excellent last evening. Eva Thatcher as a comedienne amused all by her singing of "What's the Use?" The Dutch male comedian in the person of M. C. Wells did his stunt to the satisfaction of all. The picture program was changed, everything being new last evening. A splendid Lubin two-part drama was entitled "When Mountain and Valley Meet."

A special feature picture for Friday and Saturday has been secured by the management. This feature is a three-reel Lubin drama and is entitled "Partners in Crime." This picture will no doubt thrill the hearts of all, it being replete with exciting scenes and incidents.

This will be a good money's worth show. Remember that this theater is always warm and cozy, but not stuffy, as there is ample ventilation.

H. N. AND A. L. ALBANY, N. Y., Feb. 5.—The first of a series of important New York meetings of the Hampton Normal and Agricultural Institute of Virginia was scheduled to be held here today. The institute is for Indians and negroes, and is backed by the federal government, some of its upkeep expenses being paid by gifts from prominent philanthropists. Meetings will be held at Syracuse tomorrow, at Rochester on Monday, and at Buffalo on Tuesday. They will all be open to the public.

Feel Miserable? Out of sorts, depressed, pain in the back. Electric Bitters remedy your ills and give you strength. A guaranteed Liver and Kidney remedy. Money back if not satisfied. It completely cured Robert Madden, of West Hingham, Iowa, who suffered from violent liver trouble for eight months. After four doctors gave him up he took Electric Bitters and now is a well man.
